

LIST OF PLANNED FUTURE DISSEMINATION ACTIVITIES

This table presents the future dissemination activities from October 2012 through May 2013.

Type of activities ¹	Main leader	Title	Planned date	Place	Type of audience ²	Short description
Internal Meetings	UA	Planning Meetings	October 2012 – April 2013	Tucson, AZ	Scientific community	Regular planning meetings of the U of A group, plus members of WP4
Website/ Application Publication	UNESCO-IHE	Dissemination of former UNESCO-IHE Project	October 2012	Delft, The Netherlands	Scientific community	Dissemination of the former UNESCO-IHE project "SWITCH" results and publications to SWAN partners. http://www.switchurbanwater.eu/
Internal Meeting	UNESCO-IHE	Development Meetings	October 2012	Delft , The Netherlands	Scientific community	Further development of research proposal of the MSc research, in line with the inter-Work Package, cross-cutting role of UNESCO-IHE
Interview	UA	Meeting with prospective supporters/stakeholders	October 1, 2012	Phoenix, AZ	Scientific community	Meeting with Dr. Hernan Moreno (DCDC, Phoenix) and Aleix Serrat-Capdevilla (WP4) to discuss engagement in future SWAN activities and the proposed SWAN-SWC.
Interview	UA	Meeting with prospective supporters/stakeholders	October 3, 2012	Phoenix, AZ	Scientific community	Meeting with Dr. Hernan Moreno (DCDC, Phoenix) to discuss engagement in future SWAN activities and the proposed SWAN-SWC
Interview Meeting	UA	Stakeholder development Possible visit from Bristol partner	October 14, 2012	Tucson, AZ	Scientific community	Development of Stakeholder connections in Arizona. Possible visit by Bristol partner Dr. Chad Staddon from U West England

¹ Publication, Conference, Workshop, Website/Application, Press release, Flyers, Article published in the popular press, Video, Media briefing, Presentation, Exhibition, Thesis, Interview, Films, TV Clip, Poster

² Scientific community (higher education, research), Industry, , Policy makers, Medias.

Collaboration Meeting	UA	Meetings with Dr. Laszlo Hayde (UNESCO-IHE) and faculty of TU-DELFT	October 22-25, 2012	Tucson, AZ	Scientific community	Meetings with Dr. Laszlo Hayde (UNESCO-IHE) and faculty of TU-DELFT to discuss scientific collaboration, and planning the April 2013 workshop in Tucson
Collaboration Meeting	UNESCO-IHE	Meeting with Hoshin Gupta from The University of Arizona	October 22-25, 2012	Delft, The Netherlands	Scientific community	Visit of Hoshin Gupta UA to Delft, The Netherlands. Lunch Seminar presentation of Hoshin Gupta at UNESCO-IHE. See details at: http://www.unesco-ihe.org/About/Events-Calendar/The-Systems-Approach-in-Hydrology-Historical-Perspective-and-Need-for-a-Paradigm-Shift Discussion on inter-Work Package, cross-cutting role of UNESCO-IHE and its role related to WP1 of UA. Meeting and discussion on the MSc research proposal and its results presentation at UA in April - May 2013 , in the frame of a SWAN Seminar.
Conference	USE	<i>WaterLat</i> fourth Conference in Buenos Aires (Argentina)	October 22-26, 2012	Buenos Aires	Scientific community	Participation of Leandro del Moral in the <i>WaterLat</i> Fourth Conference in Buenos Aires (Argentina), led by Professor Esteban Castro, University of New Castle upon Tyne. Introduction of the goals of SWAN project and SWC prospects
Collaboration	UNESCO-IHE	Discussion with SWAN Partners	October 2012- November 2012	Delft, The Netherlands	Scientific community	Dissemination and discussion on and finalization of the research proposal with SWAN partners in line with their Work Package (mainly WP2 and WP3) contents
Interview	UA	Meeting with stakeholders	November 2012 dates TBD	Phoenix	Scientific community	Visit to DCDC to meet with Dr. David White and Dr. Hernan Moreno to discuss engagement in future SWAN activities and the proposed SWAN-SWC
Workshop Presentation	NIGGG-BAS	Meeting with stakeholders	November 2012	Bulgaria	Scientific community Policy makers Industry Civil society	Work meetings with stakeholders from the Basin directorates, presentation of the ecosystem services concept and assessment enquiries.
Workshop/ Website	USE	Collaboration with the Observatory for the Implementation of the WFD of the Foundation for the New Water Culture (SWAN Stakeholder)	November 2012	Córdoba (Spain)	Scientific community Industry Civil Society Policy makers	Collaborate in the organization of a series of workshops on spatial scale and administrative organization of water in Spain in the context of the WFD. Representatives of regional and local public administrations, user and stakeholder groups participate in these debates.

Collaboration & Mobility	USE	Meetings with Partners	November 3-11, 2012	Tucson, AZ	Scientific community	Stay of Leandro del Moral at the UA. Meetings with partners of WP1, WP2 and WP4 to develop common steps toward natural and social science integration, hydrological integrative modeling and key databases for water management.
Workshop & Conference	USE	Participation in conference & workshops	November 22, 2012	Barcelona Spain	Scientific community	Participation in PART-DMA project final workshop and conference on the evaluation of public participation processes in the elaboration of river basin management plans in Spain. Integration of results with WP3 goals, discussion of SWAN and possible SWC prospects.
Collaboration & Mobility	USE	Meetings with Partners	November 3-December 3, 2012	Tucson, AZ	Scientific community	Stay of Juanma Camarillo at the UA, key data bases, visualization tools, SWAN web site development.
Collaboration & Internal Meetings	UNESCO-IHE	Collaborative & internal consultation	November 2012 to April 2013	Delft, The Netherlands	Scientific community	Continuous ongoing consultation internally and with SWAN partners on the research activities of the MSc research.
Collaborative Meetings	UNESCO-IHE	Meetings with partner organizations of UNESCO-IHE	November 2012 to January 2013	Delft, The Netherlands	Scientific community	Discussions and meetings with partner organizations of UNESCO-IHE on: Development of potential Stakeholder participation in SWAN from the Netherlands; Financial coverage of Stakeholder participation in SWAN from the Netherlands; Potential Financial coverage of PhD research overrunning the time frame of the SWAN project
Recruitment	USE	Dr. Natalia Limones	December 2012	USE	Scientific community	Hire of Dr. Natalia Limones
Internal Meetings	NIGGG-BAS	Annual team work meeting	December 2012	Bulgaria	Scientific community	Team work meeting to discuss planning and progress.

Stoyan Nedkov at a NIGGG seminar presenting flood risk assessment work that is part of WP1 activity of the Bulgarian team

Interview Meeting	UA	Meeting with Stakeholder	December 2012 dates TBD	Barcelona	Scientific community	Visit to Barcelona to meet with Professor Carrera-Ramirez (U Barcelona / IDAEA) to pursue scientific collaboration and discuss participation in April 2013 workshop in Tucson
-------------------	----	--------------------------	-------------------------	-----------	----------------------	--

Collaborative Meeting	UA	Collaborative meeting with Spanish SWAN partners	December 2012 dates TBD	Seville & Madrid	Scientific community	Possible visit to Sevilla and Madrid to meet with Spanish partners to pursue scientific collaboration and discuss participation in April 2013 workshop in Tucson.
Recruitment	NIGGG-BAS	Hiring of Tanya Trenkova	January 2013	Bulgaria	Scientific Community	Hire of Tanya Trenkova, NIGGG as SWAN PhD Candidate.
Recruitment	USE	Hiring of Nuria Hernández-Mora	January 2013	University of Seville	Scientific community	Hire of Nuria Hernández-Mora, University of Seville team coordinator and SWAN PhD Candidate.
Presentation/ Dissemination Workshop	USE	"New paradigms in water resources and risk management: data and information necessary for sustainable water management"	January 2013	University of Seville	Scientific community and stakeholders	Organization of a workshop on key data for integrated water resources management
Mobility	UNESCO-IHE	Data collection visits	January 2013 to February 2013	?	Scientific community	(Dates to be determined!) Potential data collection visits of the MSc student to SWAN partners.
Internal Meetings	UA	Activities to be developed but to include planning meetings	January 2013 to April 2013 Dates TBD	Tucson, AZ	Scientific community	Activities to be developed, but including planning for the April workshop in Tucson. April 2013 (Dates TBD) - Workshop on "Integrating Hydrological Science into Decision Making" to be held in Tucson. TBD - possible visit to Tucson by Dr. Thibault Mathevet (Cemagref)
Collaboration & Mobility	USE	Researcher to visit the University of Arizona	January 2013-May 2013	Tucson, AZ	Scientific community	Research stay of Sergio Segura, SWAN PhD student, at UA, working on scales, spatial policies and land use integration and evaluation of spatial plans.
Collaboration & Mobility	NIGGG-BAS	Researcher to visit the University of Arizona	January 2013-May 2013	Tucson, AZ	Scientific community	Research stay of Kremena Boyanova SWAN PhD student, at UA, working on dynamical downscaling approach of the climate change projections and uncertainty analysis of the climate change modelling (WP1) and development of precise land cover data and web based visualization tools (WP4).

Collaboration & Mobility	USE	Dr. Natalia Limones	2013 TBD	Tucson, AZ	Scientific community	Dr. Limones UA February-July 2013, working on key data basis, hydrological modeling, and visualization tools (deliverable 2 of WP3 and relationships with WP1 and WP4).
Progress Meeting & Workshop	NIGGG-BAS	Progress Meeting and Workshop on Integration	April 15 – 20, 2013	Tucson, AZ	Scientific community	Participation of NIGGG team in the Progress meeting and Workshop on Integration, UA.
Collaboration & Mobility	NIGGG-BAS	Project Coordinator for NIGGG-BAS team visiting University of Arizona	April 2013 Dates TBD	Tucson, AZ	Scientific community	Visit of Stoyan Nedkov at the UA. Meetings with partners of WP1 and WP4 to further develop the collaboration on hydrologic modeling and visualization tools.
Collaboration & Mobility	NIGGG-BAS	Mariyana Nikolova of the NIGGG-BAS team visiting The University of Arizona	April 2013 Dates TBD	Tucson, AZ	Scientific community	Visit of Mariyana Nikolova at the UA Meetings with partners of WP2 and WP3 to Mariana Nikolova to develop common steps toward hydrological integrative modeling and Public participation.
Dissemination	UNESCO-IHE	MSc Research Thesis	April 2013- May 2013	Delft, The Netherlands	Scientific community	Finalization, dissemination of the MSc Research Thesis of the UNESCO-IHE student.
Presentation Dissemination Workshop	UNESCO-IHE	Workshop on "Integrating Hydrological Science into Decision Making" to be held in Tucson, UA.	April 2013- May 2013	Tucson, AZ	Scientific community	Presentation of the research results/outcomes of the MSc research of the UNESCO-IHE student in Arizona, UA. April 2013. (Dates to be determined!) Participation of UNESCO-IHE team in the Workshop on "Integrating Hydrological Science into Decision Making" to be held in Tucson, UA.
Collaboration & Mobility	USE	Researcher to visit the University of Arizona	April 2013 to July 2013	Tucson, AZ	Scientific community	Research stay of Violeta Cabello SWAN PhD student, at UA, working on multi-scale integrated hydrological assessment and modeling. 15-20 April 2013 participation of USE team in the Workshop on Integration, UA.

Presentation: Leandro del Moral - Waterlat 4 Conference at the University Of Buenos Aires (Argentina), October 22-26, 2012.
